LAVIOSA EDU

If you think one litter is as good as another... think again!

Laviosa EDU is an educational project launched by Laviosa in 2022: a place where curiosity and grains of wisdom come together to help you choose the perfect litter for your cat and your home!

With over 40 years of “feline experiments” behind us, at Laviosa we’ve seen it all.

That’s why we created **Laviosa EDU**, a virtual hub full of tips, insights and practical advice to help you live better with your kitty... and with their litter!

Because behind every happy cat there’s always a litter chosen with both heart (and mind).

edu.laviosa.com

Laviosa EDU is also coming to schools, with a project dedicated to Italian primary schools!

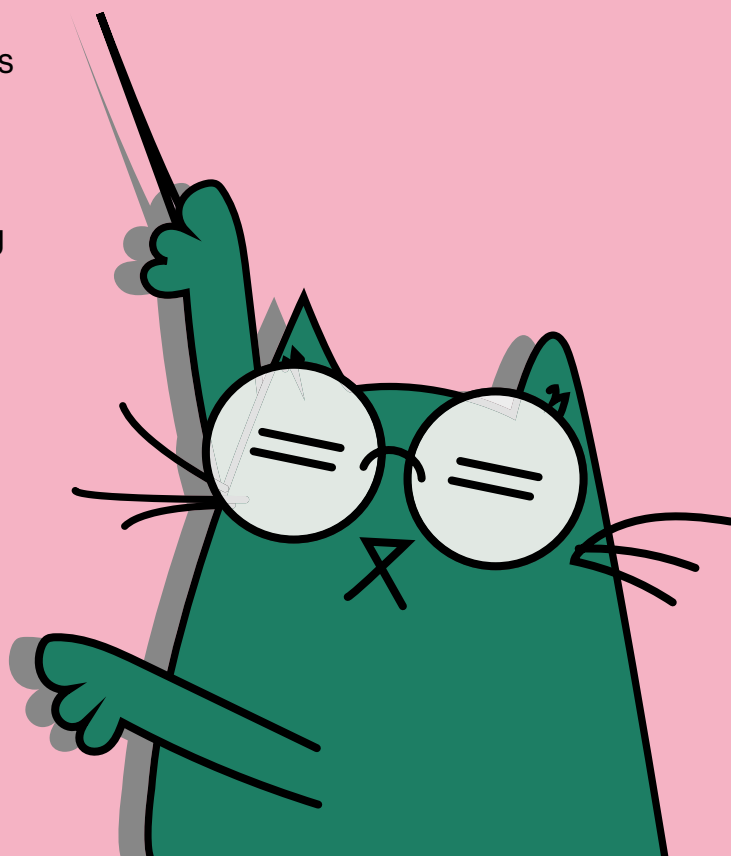

Miao Come Stai? by Laviosa EDU is an educational programme specifically designed for primary schools in Italy, to be included within Civic Education classes.

A fun and engaging journey that helps boys and girls discover the value of empathy, respect and trust, learning to care for others with responsibility.

Three “special teachers” guide students on a journey full of hands-on activities, creative ideas and video stories, where the protagonists learn that living together is a wonderful adventure... just like the one we share with our four-legged friends.

miaocomestai.it

Lindocat

Lindocat is the **cat litter brand** of the Laviosa Group, with over 40 years of experience in developing solutions for cat and home hygiene.

The range is the result of Laviosa's research and a fully integrated production chain, ensuring control over raw materials, consistent quality, and continuous development of new solutions.

INNOVATION

Creativity, the ability to listen and interpret the real needs for wellbeing and hygiene of both cats and their owners.

EXPERIENCE

Italian brand of the Laviosa Group, with over 40 years of market presence and a continuously evolving product range.

SPECIALIZATION

A line entirely dedicated to cats, offering a complete range for every need in terms of performance, durability, and aesthetics.

RELIABILITY

An integrated production chain and ongoing research and development activities that guarantee high and consistent quality standards.

Lindocat ADVANCED

FIRST CHOICE
MATERIALS FOR
THE LATEST
GENERATION
OF CAT LITTERS.

Laviosa research has created
Lindocat Advanced: an innovative
range of **clumping litters** made from
100% natural materials.
The most advanced technology has
been used for the well-being of both
your cat and the environment.

SUPER PREMIUM

99,9% DUST FREE

EXTRA STRONG
CLUMPING:
ZERO ODOR,
ZERO WASTE.

It is the ideal litter for those looking for a product with extraordinary performance. Thanks to **Dust Free** technology, this litter reduces dust formation to 99.9%, avoiding the cloud effect when it is poured into the tray.

AVAILABLE IN SCENTED AND MULTI-CAT VERSIONS.

PROBIOTIC

FOR A HEALTHY CAT AND A HAPPY FAMILY

Lindocat Advanced Probiotic is a white bentonite litter with the addition of probiotics also called “good bacteria”.

Its special formula reduces odors and the proliferation of “bad bacteria”, helping to naturally create a healthier environment for our furry friends and their families.

PACK 10L

PALLET 120

- WITH PROBIOTIC
- MAXIMUM HYGIENE
- NEUTRALIZES ODORS

MULTI-CAT +

MULTIPLE CATS, ONE LITTER.

Thanks to the special **baking soda** formula, Lindocat Multi-cat is the ideal litter for those who have more than one cat in the house. A natural remedy to effectively neutralize any bad odors from the litter that can compromise cats sharing it.

Made from fine-grain **white bentonite**, it ensures fast and firm clumping, making daily litter box cleaning easier while reducing product waste.

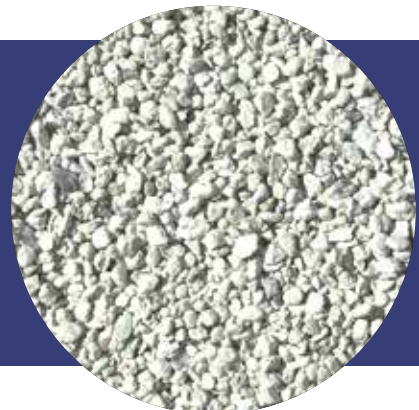

PACK 12L

PALLET 102

- IDEAL FOR MULTIPLE CATS
- WITH BAKING SODA
- LONG LASTING

LIGHT +

ULTRA-LIGHT, HIGH CLUMPING POWER.

Thanks to its **innovative formula**, Lindocat Light + is 40% **lighter** than a normal mineral cat litter, yet it has the same excellent absorbency. This extends the life span of the litter thus reducing its environmental impact.

The formula with **bentonite**, gives Lindocat Light + extraordinary clumping properties, meaning you can remove just what is necessary quickly and easily when cleaning.

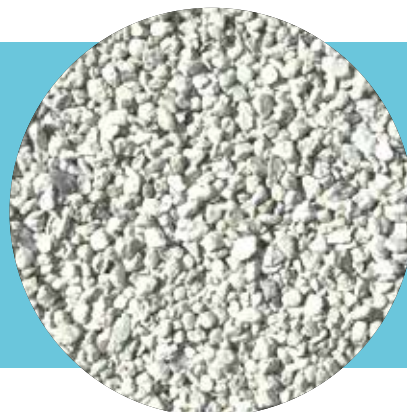

PACK 7L

PALLET 216

- **ULTRA LIGHT**
- **LONG- LASTING**
- **EASY TO CLEAN**

CARBON + FRESH

GOODBYE BAD SMELLS,
WELCOME PERFUME.

Made from white bentonite added with **natural activated carbon**, uses special technology to reduce bad odors by over 70% immediately after use.

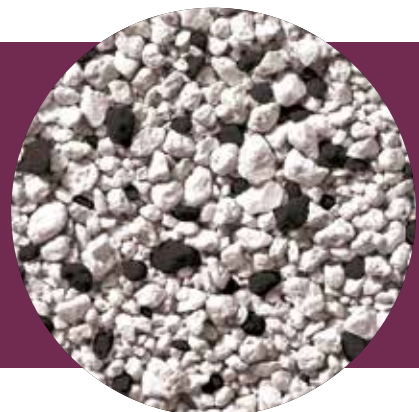

Activated carbons absorb organic components of feces and urine, giving way to one pleasant **fresh clean scent**.

PACK 8L

PALLET 150

- WITH ANTI-ODOR TECHNOLOGY AND ACTIVE CARBON
- ZERO ODORS
- ZERO DUST

CONTROL +

ALWAYS KEEPING THE HEALTH OF YOUR CAT UNDER CONTROL.

Its **special microgranules** detect the **pH of the urine** and, in the presence of its alteration, change colour (from purple to blue) warning you of any possible kidney or urinary tract problems.

Its **diagnostic formula** does not use any chemicals: Control + is based on bentonite, a 100% natural clay, free of any artificial additives and fragrances. Its great **clumping properties** makes daily litter cleaning quick and easy, while not wasting any of the product.

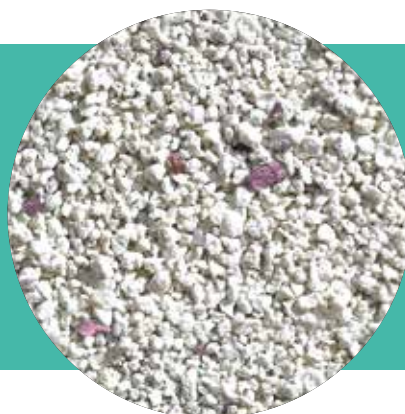

PACK 6L

PALLET 165

- DIAGNOSTIC LITTER
- LONG LASTING
- EASY TO CLEAN

CLUMPING +

ULTRA CLUMPING,
SUPER EFFECTIVE
AGAINST ODORS.

The special structure of **natural sodium bentonite** ensures that **Lindocat Clumping +** has the incomparable ability to instantly form **ultra-compact clumps** on contact with urine, neutralizing any odors.

Lindocat Clumping + Activated Carbon and Clumping + Baby Powder increase further odour control, thanks to the effectiveness of natural activated carbon and a delicate talc fragrance. To them is added the technology of Lindocat Clumping + Low Track: the litter that does not stick to the paws, for a clean home at all times.

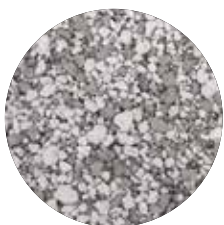

- INSTANT CLUMPS
- ZERO ODORS
- ZERO DUST

PALLET 100

Lindocat

PREMIUM LITTER FOR EVERY CAT AND EVERY FAMILY.

A wide range of solutions for all cat and household needs, while only using first choice raw materials.

CLUMPING LITTERS

Lindocat's wide range of clumping litters comes from the **selection of the best bentonite**, a 100% natural clay mineral. Its granules, in contact with urine, quickly form a compact clump which effectively **retains any liquids and bad odors**.

The ideal solution for those who want to manage in a practical and fast way daily litter cleaning, **reducing product waste** and extending the life span of the litter.

CARBON

NEW

CLUMPING WHITE FINE-GRAIN WITH ACTIVATED CARBON.

Made from 100% white bentonite enriched with **natural activated carbon**, it uses a special technology to reduce unpleasant odours.

Activated carbon absorbs the organic components of faeces and urine at a molecular level, helping to **combat unpleasant odours more effectively**.

PACK 10L

PALLET 120

- **WITH ACTIVATED CARBON**
- **ZERO ODORS**
- **LONG LASTING**
- **100% NATURAL**

PRESTIGE

CLUMPING FINE GRANULES WHITE WITH BABY POWDER SCENT

Made of 100% natural bentonite, it has very fine white and pink granules, capable of rapidly absorbing liquids and transforming into solid clumps. It thus ensures fast cleaning without product waste. Enriched with a pleasant talcum scent, it contrasts bad odors effectively.

PACK 5L

PACK 10L

PACK 15L

PALLET 120

PALLET 72

DOUBLE ACTION

CLUMPING FINE GRANULES WHITE WITH LAVENDER AND ARGAN ESSENCE

Characterized by its excellent agglomerating power and its excellent ability to retain liquids and odors, this litter is made of high-quality, dust-free white bentonite, enriched with purple granules. A delicate lavender scent is combined with the beneficial action of Argan oil, ideal for protecting a cat's long fur.

PACK 5L

PACK 10L

PACK 15L

PALLET 240

PALLET 120

PALLET 72

SOAPLY

CLUMPING FINE GRANULES WHITE WITH CLEAN & FRESH SCENT

Its fine granules ensure the rapid absorption of liquids and odors with its excellent clumping properties. It forms compact lumps that are easy to remove reducing waste to a minimum. For total odor control, it adds a delicate clean fragrance.

PACK 5L

PACK 10L

PALLET 240

PALLET 120

CHARME

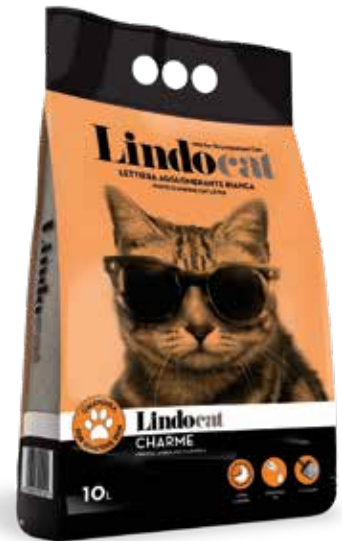

CLUMPING LARGE GRANULES WHITE SCENTED WITH MARIGOLD ESSENTIAL OIL

White and orange bentonite granules with excellent clumping properties and superior liquid and odor retention. Its special formula, featuring an oriental amber fragrance, is enriched with the soothing and antiseptic benefits of marigold, helping to protect your cat's sensitive paws.

PACK 10L

PALLET 120

NATURAL WHITE

CLUMPING LARGE GRANULES WHITE NATURAL AND LONG-LASTING

Its high-quality white bentonite has an exceptional capacity to absorb liquids up to three times its own weight. Thanks to its great clumping properties, it produces compact and easy to remove clumps, leaving the remaining litter intact. A long-lasting, completely natural and dust-free solution.

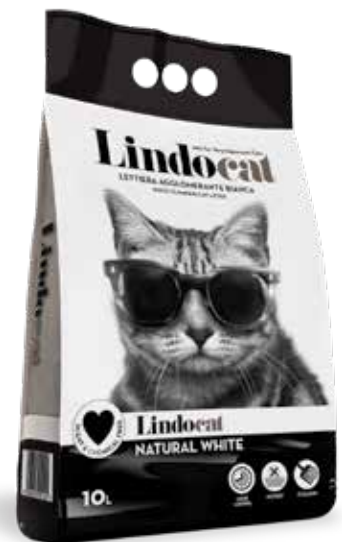

PACK 10L

PALLET 120

PACK 15L

PALLET 72

CLASSIC

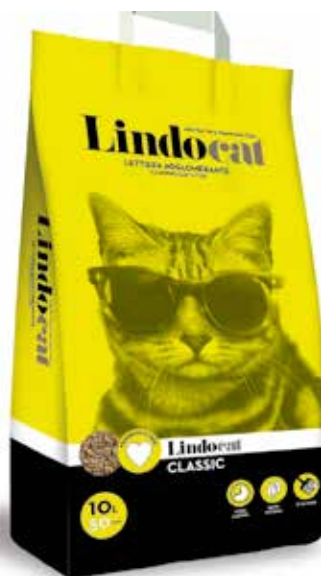

**CLUMPING LARGE GRANULES
FRAGRANCE-FREE**

Made of 100% bentonite, it is characterized by excellent agglomerating power and a high capacity to retain liquids and odors. Its large granules make it possible to limit the dispersion of litter outside the litter tray. The absence of scent makes it ideal for cats with a sensitive sense of smell.

PACK 10L

PALLET 117

SMELL GOOD

**CLUMPING LARGE GRANULES
WITH FLORAL SCENT**

Made of 100% bentonite, it boasts high agglomerating power and effective liquid absorption. It combats odors thanks to a delicate floral fragrance that spreads a pleasant clean scent around the room. Its large granules also reduce the dispersion of litter outside the tray.

PACK 8L

BUNDLE 2

PALLET 132

THE ORIGINAL

**CLUMPING FINE GRANULES
FRAGRANCE FREE**

Its fine-grained bentonite gives it a very rapid agglomerating property and high absorbency of liquids and odors. The small size of the granules also mean that it forms solid clumps without wasting product. Free of additional fragrances, it is ideal for cats that do not like fragrances.

PACK 10L

PALLET 117

Lindocat

ABSORBENT LITTER

The range of Lindocat absorbent litters owes its effectiveness to the unique properties of the clay minerals that make them: 100% natural **urasite**, characterised by extraordinary liquid-absorbing power, capable of quickly catching and neutralizing bacteria and, consequently, bad odors.

The litter thus remains **dry and clean for longer**, keeping the surrounding environment hygienic.

ESSENTIAL

LONG-LASTING ODOR ABSORBENT

Made of 100% ultra-absorbent urasite, it boasts a high liquid-absorbing power that keeps the litter dry for a long time. The natural ability to reduce the reproduction of bacteria combats bad odors by neutralizing them quickly and effectively.

PACK 10L

PACK 20L

PALLET 117

PALLET 50

SUPER CLEAN

ABSORBENT WITH LAVENDER AND ARGAN OIL

Composed of urasite, it effectively absorbs liquids and quickly captures odors, which are also counteracted by a light lavender scent. Thanks to the beneficial properties of valuable Argan oil, it is ideal for protecting a cat's fur, especially if it is long.

PACK 10L

PALLET 117

Lindocat

SILICA GEL LITTERS

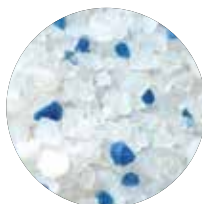

Lindocat silica gel litters quickly trap urine and dry solid excreta, facilitating their removal. The special formula blocks the proliferation of bacteria and the diffusion of bad odors.

The ideal product for those looking for a **light, dust-free** litter that does not stick to the cat's paws.

CRYSTAL

ULTRA ABSORBENT FRAGRANCE FREE

It is characterized by its absorbent and dehydrating properties. Liquids and odors are immediately trapped and excrement dehydrated. Thanks to their special composition, the crystals do not produce dust and do not stick to the cat's paws, thus preventing them from being carried off the tray.

PACK 5L

PACK 15L

Lindocip Lindorod

LOTS OF SMALL,
EXCELLENT
HYGIENE FOR
EVERYONE.

Every animal has its own litter: in addition to the specific products for cats, Lindocat has developed a range of litters dedicated to pet hygiene of small household pets, tailored to the characteristics of each species.

LINDOCIP

LITTERS FOR BIRDS BASED ON MARINE GRIT

It stands out for its special marine grit-based hygienic sand, made of shell fragments essential for a bird's health. The grit can be eaten by the bird, helping the eggs to harden. Scented with aniseed, it prevents the spread of unpleasant odors and facilitates cage cleaning by quickly absorbing and drying any excrement.

PACK 1KG Cardboard box

PACK 5KG Plastic bag

PALLET 240

LINDOROD

EXTRA-FINE GRANULES LITTER FOR RODENTS

Its extra- fine granules makes this litter ideal for hamsters, squirrels, dwarf rabbits, guinea pigs and reptiles. The absorption properties of urasite allow it to instantly capture liquids and odors, limiting the reproduction of bacteria as much as possible.

PACK 3KG

BUNDLE 4

PALLET 280

Lindocat *Vegetal*

HIGH QUALITY
PLANT LITTER
FOR CATS AND
THEIR OWNERS
MORE CAREFUL
TO NATURE.

An entirely vegetal-based line, environmentally friendly without sacrificing quality. 100% ecological, light and without added additives.

NEW

PRO NATURA

NEW LIFE TO PLANT WASTE

Lindocat Vegetal Pro Natura is the litter that gives **new life to plant waste** from **farm production**. A new and sustainable product is obtained from the transformation of these materials in full respect of our furry friends and the planet. Thanks to its exceptional clumping capacity, the product lasts longer: for lower consumption and always clean and hygienic litter.

Lindocat Vegetal Pro Natura is easy to dispose in accordance with local regulations and toilet flushable.*
